Welcome Guide & Guest Handbook

We are so happy you made the journey to celebrate with us.
This little book has everything you need to enjoy your time in Golden.

A Note from Alice & Lucas

Dear Family and Friends,

You are here, and that means everything to us.

Some of you traveled from France, some from across Canada, some from just around the corner — but every single one of you made an effort, and we don't take that lightly. Golden, BC is a place that holds a very special corner of our hearts, and we couldn't be more excited to share it with the people we love most.

This handbook is your companion for the week. It has our schedule, practical info about the area, tips for staying safe in the mountains, and some of our favorite spots in town. Golden is small but mighty — incredible food, jaw-dropping scenery, and a community that will make you feel instantly at home.

On June 30th, we will take a gondola to the top of a mountain at 7,700 feet and say "I do" with the Canadian Rockies as our backdrop. We cannot imagine a more beautiful setting, or better company.

Profitez bien. Enjoy every moment.

With so much love,

Alice & Lucas ♡

Un mot pour nos invités francophones 🇫🇷

Chers amis, chère famille,

Bienvenue au Canada, et bienvenue à Golden, en Colombie-Britannique ! Nous sommes tellement heureux de vous avoir avec nous pour ce moment si important de notre vie.

Ce livret est en anglais pour la plupart, mais voici quelques informations pratiques en français pour vous aider à vous repérer :

- Les cabines (chalets) sont situées au 676 Lafontaine Rd East, à environ 10 minutes du centre-ville de Golden.
- Le mariage a lieu le 30 juin au restaurant Eagle's Eye, tout en haut de la montagne Kicking Horse, à 2 347 m d'altitude — accessible par téléphérique (gondola). C'est spectaculaire !
- Les commerces (épicerie, café, restaurants) sont dans le centre-ville de Golden, à environ 10 minutes en voiture.
- L'âge légal pour boire de l'alcool en Colombie-Britannique est 19 ans. Une pièce d'identité officielle sera exigée au bar.
- En cas d'urgence : appelez le 911. Pour les non-urgences, la GRC (police) est disponible au 250-344-2221.
- Les ours sont réels ! En randonnée, faites du bruit, restez groupés, et portez idéalement un spray anti-ours. Pas d'inquiétude — Golden est sûr, mais mieux vaut être informé.
- Les incendies de forêt peuvent être fréquents en été. Consultez la carte des feux sur bcwildfire.ca. Dans les cabines, respectez toujours les règles concernant les feux de camp.
- Prévoyez des couches pour la soirée du mariage — à 2 347 m, il peut faire frais même en été !

Si vous avez besoin d'aide pour traduire quelque chose ou pour vous orienter, n'hésitez pas à demander autour de vous — l'équipe de Golden est accueillante et beaucoup d'entre nous parlons français !

Nous vous souhaitons une semaine inoubliable. Profitez du Canada, de la montagne, et de ce moment magique.

Avec tout notre amour, Alice & Lucas ♡

🏔️ Things to Do in the Area

You're in one of the most stunning corners of Canada. Here are some things to do between wedding events:

At Kicking Horse Mountain Resort

- Use your 2-Day Adventure Pass! The gondola to Eagle's Eye is open in summer for sightseeing.
- Mountain biking — world-class trails at the resort for all levels.
- Hiking — trails directly accessible from the top of the gondola.
- Wildlife watching — the resort area is prime habitat for bears, elk, and eagles (from a safe distance!).

In & Around Golden

- Kicking Horse River Rafting — world-class whitewater right in town. Multiple operators offer guided trips.
- Golden Skybridge — Canada's highest suspension bridges, just south of town. Stunning views!
- Yoho National Park — 45 min west. Takakkaw Falls, Emerald Lake, Burgess Shale. Unmissable.
- Glacier National Park / Rogers Pass — 1 hour west. Stunning alpine scenery.
- Banff — approx. 2 hours east, for those who want to extend the adventure.
- Hiking trails — the Columbia Valley has hundreds of trails for all levels. Ask the cabin owners for local favorites.
- Canada Day (July 1) — national holiday with celebrations in town, fireworks, community events. Don't miss it!

Safety in the Canadian Rockies

Golden is a very safe and welcoming community. That said, mountain environments deserve respect. Here are a few things every visitor should know:

🐻 Bear Safety

Bears are part of life in the Rockies — and that's a beautiful thing! Black bears and grizzly bears are both present in the Golden area. Here's how to coexist safely:

- Make noise while hiking — talk, clap, call out 'Hey bear!' especially near streams or dense brush where visibility is low.
- Hike in groups of 3 or more when possible. Never hike alone in bear country.
- Carry bear spray and know how to use it — it's more effective than a firearm at close range. Available at local outdoor stores in Golden.
- Never approach or feed a bear. Even if they seem calm, they are wild animals and unpredictable.
- Store food and garbage properly at the cabins — no food in tents, no scented products left out overnight.
- If you encounter a bear: stay calm, don't run, make yourself look large, speak in a calm firm voice, and slowly back away. Running triggers a chase response.
- If a bear charges: stand your ground (most charges are bluffs), then use bear spray when it's within 20 feet.

🐻 **Bear sighting?** Report it to BC Conservation Officer Service: 1-877-952-7277 (RAPP line)

🔥 Forest Fire Safety

BC summers can bring wildfire risk, especially in July. Here's what you need to know:

- Check current fire conditions before outdoor activities: bcwildfire.ca or call 1-800-663-5555.
- Fire bans are common in summer. At Wild Wood Cabins, always check if a campfire ban is in effect before lighting any fire.
- If you see smoke or a fire: call 911 immediately.
- Know your evacuation route from the cabin area — familiarize yourself with the roads to Golden's main highway (Trans-Canada Hwy 1).
- During a wildfire alert: close all windows and doors, turn off fans/AC, keep medications and important documents ready to go.
- BC Wildfire app and AlertReady (Canada's national emergency alert system) will notify your phone in case of evacuations.

⛰️ Mountain Safety

- Always tell someone where you're hiking and when you expect to return.
- Dress in layers — mountain weather changes rapidly. Even in June, temps can drop significantly at altitude.
- Stay on marked trails. Don't cross ropes or enter out-of-bounds areas at the resort.
- Sun protection is essential at altitude — UV exposure is much higher. Sunscreen, hat, and sunglasses are a must.
- Drink plenty of water — altitude + dry mountain air = dehydration risk.

🚨 Emergency Contacts

🆘 **Emergency (any)**	911

Practical Information

📱 Connectivity & Getting Around

Cell Service	Generally good in Golden and at the resort. Coverage may be spotty on some mountain roads and trails.
Getting Around	A car is highly recommended. The cabins are ~10 min from town. Kicking Horse Resort is ~15–20 min from downtown Golden.
Driving in BC	Drive on the right. Speed limits in km/h. Watch for wildlife on roads especially at dawn and dusk — brake early!
Gas	Fill up in Golden before heading into the mountains. Note: gas is often cheaper at the Nicholson station (south of town) vs. downtown Golden.
Currency	Canadian dollars (CAD). All major credit cards accepted everywhere. ATMs available in downtown Golden.
Time Zone	Mountain Time (MT) — same as Calgary, AB. UTC−7 in summer.

🛁 At the Cabins

- Each cabin has a private hot tub — enjoy! Please be respectful of quiet hours and your neighbors.
- Campfires are permitted in designated firepits only — always check for active fire bans first.
- Additional friends and family are welcome to camp on the property for free. Bring your own gear!
- Please leave the cabins tidy on departure — wash dishes, dispose of garbage, return furniture to original position.
- No pets inside the cabins unless authorized in advance.

🥂 At Eagle's Eye (Wedding Night)

- No outside alcohol is permitted at the resort or gondola. The resort bar will be fully stocked for your evening.
- No confetti, glitter, petals or rice inside the venue (resort policy).
- Smoking permitted in designated area only (side of the building). No smoking on the terrace.
- The gondola is the only way up and down — plan accordingly. All guests must depart by 12:45 AM.

- Bring a jacket or wrap — it is a mountain top. Even in late June, the evening air at 7,700 ft can be chilly!
